

## RentPayment and VaultWare partnership creates premier industry website solution

**San Francisco, CA** – Nov 17<sup>th</sup>, 2010 – RentPayment ([www.rentpayment.com](http://www.rentpayment.com)), an industry leader of electronic rent payment services, announced today that it has partnered with VaultWare, a leading apartment marketing and leasing solution company, to provide an integrated payment option with VaultWare's property websites.

The partnership of RentPayment and VaultWare presents the most complete payment and apartment marketing offering to the multifamily industry. Property management companies can leverage the two leading solutions to easily create property websites for their portfolio with built-in apartment reservation and rent payment functionality.

"We are thrilled to offer a solution that accomplishes everything needed to get a renter up and running," said Matt Golis, CEO of RentPayment. "It's an honor to partner with an industry leader like VaultWare and offer our customers the very best solution in the marketplace."

VaultWare has applied the same customer-centric approach from their award-winning apartment reservation system to their property websites, resulting in easy-to-use, highly functional and effective websites. Apartment hunters, including those using a smartphone, will be able to quickly view property information and instantly begin the leasing process by reserving, pre-qualifying and completing a rental application online.

"We are excited to provide an integrated experience for residents to pay their rent online," said Mike Cornell, COO of VaultWare. "With the premier payment services from RentPayment available as part of the resident portal section of our property websites, the combined offering provides the ultimate convenience to both future and current residents."

### About RentPayment

RentPayment ([www.rentpayment.com](http://www.rentpayment.com)) is the largest electronic payment processor in the multifamily housing industry, serving 30 of the Top 50 NMHC members as well as thousands of property management companies across all 50 states. RentPayment provides best-of-breed credit and debit card processing, ACH and check scanning services through their integrated payment platform. Key differentiators of the RentPayment solution include the RentByText payment option, exceptional customer service and PCI compliance certification. Founded in 1999, San Francisco-based RentPayment processes billions of dollars in annual transaction volume and currently operates five offices in the United States.
