RentPayment and [Spherexx.com](#) Finalizes New Affiliation

Tulsa, Oklahoma (PRWEB) September 13, 2009 -- Spherexx.com, a leading web, software development and Internet marketing provider, and RentPayment, the largest electronic payments processor in the multifamily industry, have joined forces to provide clients with streamlined, cost-effective, online payment and processing solutions. Spherexx.com not only provides a payment gateway for website visitors to make online payments, they create strategic points of sale throughout the website that encourage and streamline the visitors' payment process. The collaboration makes for a greatly simplified transaction process for the website owners and their customers and guests.

"Our industry research reports that approximately 25% of apartment residents make rental payments with credit cards," states Becca Wilson, President and CEO of Spherexx.com. "We are very pleased to have the opportunity to provide online credit card and e-check payment options to our clients and prospects that will not require special programming, forms, or qualifying criteria. We are always searching for ways to reduce expense and increase value in our clients' daily operations, and RentPayment has created an excellent payment service that does just that."

Apartment managers, owners, and operators can quickly establish a credit card and e-check payment account by visiting <http://rentpayment.spherexx.com>.

Online credit card and e-check payments allow residents to pay their rent online anytime and from any location via Internet. The option reduces delinquency, offers convenience for the payer, allows applicants to reserve an apartment via Internet without delay, and provides email payment options. Additionally, RentPayment is integrated with major property management software whereby payments automatically populate within the company's property management software.

About [www.Spherexx.com](#) @--Interactive Marketing Solutions

Established in 2000, Spherexx.com has offices located in Tulsa, Dallas and Houston. The company has been awarded by Goldline Research as one of the Leading Web Designers of the south and central regions for three consecutive years. It is recognized in Forbes and Entrepreneur magazines. Spherexx.com offers a wide selection of professional services including web design and development, touch-screen kiosks, Internet lead generation, apartment leasing consulting, advanced mobile technology, apartment lease-up marketing consulting and search engine performance. They provide branding services, video/multimedia production, print media, and copywriting as well as website and email hosting, database solutions, pay per click, e-commerce solutions and custom programming. The company has developed CRM (customer relationship management) products that allow clients to better manage and convert leads to leases and sales, which are branded under [www.GotNoVacancy.com](#)™, and [MyClosingTools.com](#)™. Spherexx.com is launching [www.MessageKast.com](#)™, a series of lead-generating web tools and [www.MarketSurveyTools.com](#)™, an advanced, web based market survey application, in September 2009. Spherexx.com provides web-based prospecting, marketing, advertising management, and support services. Request a quote from us today at: spherexx.com/pages/request-a-quote.asp.
